

*Allow your employees  
to fill the gap in your  
group health plan on  
a voluntary basis.*

**Here's how it WORKS:**

**First:** Lower your existing insurance premiums by increasing your deductible and coinsurance.

**Next:** Add our gap insurance plan to help pay your deductible and other out of pocket charges. Select a benefit closest to your total deductible and copayment exposure.

There are no participation requirements and it can be used on either individual or group health plans. Best yet it is guaranteed issue.

Call for complete details and rates. Typically the cost is one third of what you would pay for keeping your current benefits design.
