

MediBridge

Your Bridge for the Gap in Today's Healthcare Benefits
Group Hospital Confinement Indemnity Insurance Plan

*Imagine spending less
for your health insurance.*

With MediBridge you can...

- Keep your existing health insurance—individual or group—AND lower your out-of-pocket costs.
- Reduce your health insurance premiums AND Increase your healthcare benefits.
- Manage your health insurance costs year after year.
- Preserve your hard-earned savings.

MediBridge is...

- Ideal for anyone concerned about the rising cost of insurance premiums: families, individuals and employee groups.
- Guaranteed issue.

*Select benefits from \$500
to \$10,000 with MediBridge*

*Emergency Room Treatment for accidental injury
is covered up to your selected maximum benefit.*

MediBridge: The health

Now you have the power to manage your

Here's how it WORKS:

First: Lower your existing insurance premium by increasing your deductible and coinsurance limit.

Next: Add the MediBridge plan to help pay your deductible and other out-of-pocket charges if you or a covered family member is hospitalized. Select a benefit closest to your total deductible and copayment exposure.

In some cases you will realize up to 100% coverage for inpatient and many outpatient services, while reducing your current health insurance premiums. And MediBridge even pays for prior non-related deductible and coinsurance expenses when a covered person is hospitalized.

Emergency Room Benefit

Emergency room treatment for injury and sickness is a covered expense up to your selected maximum benefit amount.

Coverage for sickness must result in hospital confinement within 24 hours of your emergency room treatment.

Optional Outpatient Rider Available

Expand your protection—and your savings with the optional Outpatient Rider. The rider provides for outpatient treatment of injury or sickness at a hospital, outpatient surgery or emergency facility, or diagnostic testing facility. Choose an annual benefit amount from \$200 to \$1,000, payable for a maximum of four occurrences, per family, per year. The Emergency Room benefits provided by this rider are paid in addition to those provided by the Inpatient Hospital benefit. In group sales situations, this benefit option choice is made by the employer, not the employee.

It's happening to everyone. Insurance premiums are out of control for individuals and for groups. Fortunately, there is a solution that enables you to manage your health insurance costs year after year. **THE MEDIBRIDGE CONCEPT IS VERY SIMPLE...**

Example:* *Meet Jim and Kay*

Jim and Kay are paying \$505 a month for their major medical policy. It has a \$500 deductible with 80/20 coinsurance to \$5,000. In addition, their policy has a doctor visit copay that doesn't apply to their deductible. Their total out of pocket cost for a hospital stay would be \$1,500 per person.

By increasing their deductible to \$2,500 and maintaining their doctor visit copay their premium would be reduced to \$257.

With the MediBridge solution their monthly premium would be \$48.00 for \$3,500 of inpatient hospital coverage as well as emergency room coverage for accidents at any hospital. Coverage for sickness is an eligible expense if hospital confined within 24 hours of emergency room treatment. And MediBridge pays for prior non-related deductible and coinsurance expenses when a covered person is hospitalized.

* The example above is for illustrative purposes. Actual costs may vary depending on your situation.

What does this do for Jim and Kay?

- They saved \$200.00 per month.
- They now have 100% coverage for inpatient hospital visits and accident or injury related emergency room visits. Without MediBridge they each had \$1,500 of out-of-pocket, for a total of \$3,000 per year.
- They maintained their doctor visit copay and the deductible does not apply.

What will Jim and Kay SAVE?

	Major Med \$500 Ded	Major Med \$2,500 Ded	Major Med** \$2,500 Ded + MediBridge	THEY SAVE
Monthly Payment	\$505	\$257	\$305	\$200.00 per month
Deductible (per person)	\$500	\$2,500	\$0	
Coinsurance (per person)	\$1000	\$1,000	\$0	
Out-of-Pocket Costs if both Jim and Kay are hospitalized:	\$3,000	\$7,000	\$0	\$7,000 paid by MediBridge

** Based on MediBridge benefits of \$3,500 for individual and spouse, ages 37 and 35.

Healthcare revolution has begun...

Your healthcare costs.

MediBridge HIGHLIGHTS:

- Choose the benefit level that you need, from \$500 to \$10,000, per person
- Guaranteed issue to insured of any age. Spouse under age 65
- Emergency room benefits
- Benefits payable for out-of-network providers
- Available to individuals and groups.
- HSA/MSA and large deductible compatible
- Optional outpatient rider available
- Portable, so if you change your major medical carrier, MediBridge goes with you

What does MediBridge cover?

MediBridge works with your major medical plan to cover the deductible and coinsurance costs you are required to pay for the following services:

- Inpatient hospital services provided for hospitalization lasting at least 15 consecutive hours.
- Hospital emergency room treatments for injuries and illnesses. Illnesses must result in hospitalization within 24 hours of emergency room treatment.
- MediBridge may also apply to prior non-related deductible and coinsurance expenses. If you have satisfied any portion of your major medical deductible/coinsurance amount prior to hospitalization, your MediBridge plan pays benefits once you become hospital confined. Benefits are payable even if the condition requiring hospitalization is unrelated to the prior expenses.

The optional Outpatient Benefit Rider is available to cover outpatient treatments for up to four occurrences per family, per year.

Benefits are paid directly to you unless you indicate otherwise.

Is my acceptance guaranteed?

Yes, as long as you currently have major medical coverage with deductible and coinsurance features. You cannot be turned down if your occupation is not included in the ineligible industries list (see Limitations); Your spouse (under age 65) and children (under age 19, or age 23 if full-time students) are also eligible.

When will my coverage begin?

Your MediBridge plan becomes effective on the first day of the month following the receipt of your first premium and approval of your application, provided you are not confined at home, in a hospital or medical institution, and you are engaged in your regular and customary activities.

How long can I keep my MediBridge plan?

You may continue your coverage as long as you pay your premiums and you continue to have deductible and coinsurance coverage. Your spouse's coverage terminates at age 65; children's coverage at age 19 (age 23 if full-time student).

Additional Optional MediBridge Riders

OPTIONAL OUTPATIENT RIDER II

The primary base inpatient policy is required in order to apply for this rider.

It can be used alone or in addition to the Wellness Benefit Rider.

This rider is available as an alternative to the current Optional Outpatient Rider discussed in the brochure.

You may choose only one of the two Outpatient riders, but you may not have both.

The chosen Outpatient II family benefit amount shall not exceed the Inpatient base plan benefit amount.

Example: With \$1000 Inpatient, choose \$500/\$1000, \$750/\$1250 or \$1000/\$2000 Outpatient II.

Expand your protection—and your savings, with the optional Outpatient Rider II. This rider provides for outpatient treatment of injury or sickness at a hospital, outpatient surgical or emergency facility, or diagnostic testing facility. Choose an annual benefit amount from \$1000 to \$5000, per family, per calendar year. This rider will pay up to 50% of the maximum benefit per individual, not to exceed the total chosen family benefit in a calendar year. A single individual with no spouse or dependents is eligible for benefits from \$500 to \$2500 per calendar year. The Emergency Room benefits provided by this rider are paid in addition to those provided by the Inpatient Hospital benefit. In group sales situations, this benefit option choice is made by the employer, not the employee. Benefits are limited to the difference between the benefit paid by the major medical policy and the actual outpatient expenses incurred, which includes any out-of-pocket expenses such as deductible and coinsurance.

Outpatient Rider II - Form R-02822

OPTIONAL WELLNESS BENEFIT RIDER

The primary base inpatient policy is required in order to apply for this rider.

It can be used alone or in addition to either of the Outpatient Riders.

Now you can reduce your out of pocket costs even further. Benefits under this rider are payable for routine health or check-up examinations, routine well child visits and other charges incurred during the course of a routine physical examination or checkup. Choose an annual benefit amount of \$100, \$200 or \$500 per family, per calendar year. Wellness benefits include services performed at a Hospital, outpatient facility, laboratory, diagnostic testing facility or for Physician services. The benefits are limited to the difference between the benefit paid by Your Major Medical/Comprehensive Policy and the actual expenses incurred, which includes any out-of-pocket expenses such as Deductible and Coinsurance. In group sales situations, this benefit option choice is made by the employer, not the employee.

The Following States Are Issued On a Group Only Basis

**Arkansas – Georgia - Louisiana – Maine - Maryland
Michigan - Oregon - South Dakota - Texas - West Virginia**

Individual applications will not be accepted. Multi-life groups MUST conform to the applicable minimum state insurance department definition for an employer group.

Pre-Existing Condition Variations

The following will replace the Policy's descriptions as outlined in the MediBridge Group Hospital Confinement Indemnity Insurance Plan brochures. The pre-existing condition descriptions outlined below are only those that differ from the benefits and provisions described in the brochure and may not include all mandated state benefits and provisions.

Applicable to California Residents

The Definition for Pre-Existing Condition is deleted in its entirety and replaced with the following:

Pre-Existing Condition Pre-Existing Condition means an Injury, Sickness or condition for which medical advice, diagnosis, care or treatment, including use of prescription drugs was recommended or received from a licensed health practitioner during the six (6) month period immediately preceding the Insured Person's Effective Date of coverage. Such an Injury, Sickness or condition will continue to be a Pre-Existing Condition and not be covered until the expiration of six (6) months beginning with the Effective Date of coverage.

In determining whether a Pre-Existing Condition applies to any Insured Person, this plan will credit the time the Insured Person was covered under Qualifying Prior Coverage, provided the Insured Person became eligible for coverage under this plan within 30 days of termination of the Qualifying Prior Coverage, exclusive of any waiting period, and applies for coverage under this plan within the applicable enrollment period.

However, if a person's employment has ended, the availability of health coverage offered through employment or sponsored by an employer has terminated, or an employer's contribution toward health coverage has terminated, this plan will credit the time the Insured Person became eligible for this plan through employment or sponsored by an employer within 180 days, exclusive of any waiting period, and applies for coverage under this plan within the applicable enrollment period.

Applicable to South Carolina Residents

The Definition for Pre-Existing Condition is deleted in its entirety and replaced with the following:

Pre-Existing Condition means an Injury or Sickness which has been diagnosed by a legally qualified Physician, with consultation, advice or treatment occurring within 12 months immediately prior to an Insured Person's Effective Date of coverage. Pre-Existing Condition does not include: (a) genetic information in the absence of a diagnosis of the condition related to such information; or (b) Pregnancy. Such an Injury or Sickness will continue to be a Pre-Existing Condition and not be covered until the expiration of 12 consecutive months, beginning with the Effective Date of coverage.

Applicable to Mississippi Residents

The Definition for Pre-Existing Condition is deleted in its entirety and replaced with the following:

Pre-Existing Condition means an Injury or Sickness which has been diagnosed by a legally qualified Physician, with consultation, advice or treatment occurring within 12 months immediately prior to an Insured Person's Effective Date of coverage. Pre-Existing Condition also means symptoms of a condition that would have led an ordinarily prudent person to seek diagnosis, care or treatment. Such an Injury or Sickness will continue to be a Pre-Existing Condition and not be covered until the expiration of 12 consecutive months, beginning with the Effective Date of coverage.

Some provisions, benefits, exclusions or limitations listed herein may vary in your state of residence

Not Available In All States.
